

Steps to Take When Trick or Treating

Make Trick-Or-Treating Safer

- Avoid direct contact with trick-or-treaters.
- Give out treats outdoors, if possible.
- Set up a station with individually bagged treats for kids to take.
- Wash hands before handling treats.
- Wear a mask.

Traditional Halloween activities are fun, but some can increase the risk of getting or spreading COVID-19 or influenza. Plan alternate ways to participate in Halloween.

Wear A Mask

- Make your cloth mask part of your costume.
- A costume mask is **NOT** a substitute for a cloth mask.
- Do **NOT** wear a costume mask over a cloth mask. It can make breathing more difficult.
- Masks should **NOT** be worn by children under the age of 2 or anyone who has trouble breathing.

Wash Your Hands

- Bring hand sanitizer with you and use it after touching objects or other people.
- Use hand sanitizer with at least 60% alcohol.
- Parents: supervise young children using hand sanitizer.
- Wash hands with soap and water for at least 20 seconds when you get home and before you eat any treats.

Keep Your Distance

- Stay at least 6 feet away from others who do not live with you
- Indoors and outdoors, you are more likely to get or spread COVID-19 when you are in close contact with others for a long time.
